Primary Care Physician Name: _____ Emergency Contact Name & Phone: _____

☐ Influenza (Flu) ☐ Hepatitis A ☐ Hepatitis B. ☐ Hepatitis Combo (A & B) ☐ HPV ☐ Meningococcal
☐ MMR (Measles, Mumps, Rubella) ☐ Pneumococcal ☐ Td/Tdap ☐ Zoster (Shingles) ☐ COVID ☐ Others _____

Precautions and Contraindications: Please mark YES or NO for each question.	**YES**	**NO**
Are you sick today?		
Do you have any allergies to medications, food (e.g., eggs), latex, or a vaccine component (e.g., gelatin, neomycin, polymyxin, yeast, thimerosal, etc.)? If yes, please **list:**_____		
Have you ever had a serious reaction (including fainting) after receiving a vaccination?		
Has any physician or other healthcare professional ever cautioned or warned you about receiving certain vaccines or receiving vaccines outside of a physician's office or hospital?		
Do you have a long-term health problem such as heart disease, lung disease, liver disease, asthma, kidney disease, metabolic disease (e.g., diabetes), or anemia or other blood disorder?		
Do you have cancer, leukemia, HIV/AIDS, or any other immune system problem? Have you been diagnosed with rheumatoid arthritis, ankylosing spondylitis, or Crohn's disease?		
In the past 3 months have you taken medications that weaken your immune system, such as cortisone, prednisone, or other steroid, anticancer drugs, or have you had radiation treatments?		
Have you had a seizure, or a brain, or other nervous system problem or Guillain-Barré?		
During the past year, have you received a transfusion of blood or blood products, or been given a medicine called immune (gamma) globulin or an antiviral drug?		
For women: Are you pregnant or is there a chance you could become pregnant during the next month?		
Have you received any vaccinations in the past 4 weeks?		
For Tdap and adult Td (ONLY)—Do you have an open wound, puncture, or tissue tear that prompted you to get a tetanus shot?		
If you answered YES to any question, you must talk with your pharmacist before being vaccinated.		

For purposes of this consent "I," "me," "my," and "you" refer to the consent-giver or the Patient as the context requires. The consent-giver must be the Patient if the Patient possesses the legal capacity to consent (e.g., is not an unemancipated minor). Alternatively, the consent-giver must be an individual with the legal capacity to consent for the Patient, such as a parent, legal guardian, or authorized health care surrogate.

I voluntarily request and consent that a Publix Vaccine Provider administer the selected vaccine for which this appointment is being made ("Vaccine") to the patient for whom this appointment is being made ("Patient"). I understand the "Publix Vaccine Provider" is either a pharmacist, pharmacy intern, or pharmacy technician, employed or contracted by Publix Super Markets, Inc. (Publix) or an affiliate or subsidiary of Publix. I hereby acknowledge that Publix has provided me with a Vaccine Information Statement, Emergency Use Authorization, or fact sheet ("Guidance") containing information about the Vaccine including information on certain adverse reactions that the Patient may experience as a result of receiving the Vaccine. I further acknowledge I have carefully read and understood this Guidance prior to the Patient's receipt of the Vaccine. I will ask the Publix Vaccine Provider or, if I prefer, the Publix pharmacist on duty if that pharmacist is not the Publix Vaccine Provider, any questions I may have about the Vaccine or about information in the Vaccine Information Statement prior to the Patient's receipt of the Vaccine. By allowing the Publix Vaccine Provider to administer the Vaccine to the Patient, I agree I fully understand all risks and benefits in connection with the Vaccine and all my questions have been answered to my satisfaction. I understand I may choose for the Patient not to receive the Vaccine and will not be charged for the cancellation.

I have truthfully answered all the questions regarding the Patient's medical history that are listed above. I understand that if I answered a question with a "Yes," there is an increased likelihood that the Patient will experience an adverse reaction from the administration of the Vaccine. After careful consideration, I believe that the benefits of the Patient receiving the Vaccine outweigh the risks associated with receiving the Vaccine and I have decided to allow the Publix Vaccine Provider to administer the Vaccine to the Patient.

I have provided true, complete, and accurate information identifying the Patient's applicable health care plan/insurance coverage, if any. I authorize Publix to submit a claim to the Patient's health care plan/insurer for this service and hereby assign the Patient's rights to health care plan/insurance benefits to collect any available benefits due with respect to such claim to Publix, its affiliate, or subsidiary. I will be financially responsible for any co-pays, coinsurance, and deductibles for the requested services as well as for any services not covered by the Patient/s health care plan/insurance benefits.

I authorize Publix to use and/or disclose such information about the Patient, including any medical related information that I provide to Publix, its affiliate or subsidiary, or that is created or received by Publix, its affiliate or subsidiary, that Publix reasonably determines is necessary to receive payment for its services, carry out treatment for the Patient, or conduct healthcare operations. This authorization includes disclosures to regulatory agencies, Medicare, Medicaid, health plans, insurers, pharmacy benefit managers, claims processors, billing companies, interpreters, and other persons involved in the Patient's treatment or payment for the Patient's treatment, as well as any applicable immunization registry, health information exchange, or adverse event database, or any designee, for public health reporting or care coordination. Depending upon applicable law, I may prevent the disclosure of certain vaccination information to the registry or exchange by completing an opt-out form that is available in the pharmacy. I understand that even if I do not consent or if I withdraw my consent, applicable law may permit certain disclosures of my vaccination information to or through the registry or exchange or to government agencies.

Publix shall not, at any time, or to any extent allowable by applicable law, be liable, responsible, or in any way be accountable for any loss, injury, death, or damage suffered or sustained by the Patient or me or any other person at any time in connection with, or as a result of, the administration of the Vaccine to the patient by the Publix Vaccine Provider. I, for myself and for the Patient, and for my and the Patient's heirs, executors, personal representatives, and assigns, hereby release Publix, its affiliates and subsidiaries, and the employees and contractors (including specifically, without limitation, the administering Publix Vaccine Provider), as well as Publix's and its affiliates' and subsidiaries' agents and representatives from any and all claims arising out of, in connection with, or in any way related to the Patient's receipt of the Vaccine as and to the full extent allowed by applicable law.

By providing your mobile phone number or email, you expressly request and authorize Publix, its affiliates and subsidiaries, to deliver or cause to be delivered calls and unencrypted messages to you at the number or email provided, by using an automatic telephone dialing system or an artificial or pre-recorded voice or other means, for any and all purposes related to the Patient's treatment, including but not limited to prescriptions and reminders and information regarding completing the second dose of the vaccination, as well as related to payment, insurance, healthcare operations, quality improvement, utilization, disease or case management, or for telemarketing and advertising care alternatives and other benefits, products, and services that may be of interest. You understand that texts and push notifications are not secure. If others intercept the messages or access the device, they will be able to see confidential health information. You understand that you need not agree as a condition to purchase any goods or services.

By signing below, I certify that I have read, understood, and agreed to all the statements above and that either (a) I am the Patient, am at least 18 years old and do not have a guardian, or (b) I am the Patient's parent/guardian with authority to consent and agree on behalf of the Patient.
