

PUBLIX 100 RULES TARIFF
THIS RULES TARIFF APPLIES TO ALL INTRASTATE, INTERSTATE,
AND FOREIGN COMMERCE

EFFECTIVE OCTOBER 1, 2023

This Tariff publication contains an explanation of the conditions of carriage that apply to all services provided by Publix Super Markets, Inc. d/b/a Publix (“Publix”). The term “Customer” in this Tariff means the shipper; receiver; customer; broker hiring Publix to transport goods; freight forwarder hiring Publix to transport goods; or third-party payor of the transportation services provided by Publix.

Item Preface

The information contained in this Tariff or as subsequently revised, and any rates or charges contained herein, and/or rates and information in computerized data format, are the sole property of Publix. All rates and quotes are subject to periodic revisions, increases, and restructuring.

Scope

The ITEMS set forth in this Tariff shall apply to all shipments transported by Publix regardless of the origin or destination.

ITEM 1.0 Publix’s Liability for Cargo Loss and Damage Claims and Limitations of Liability

- A. Publix will assume liability for cargo loss and damage claims under the federal laws applicable to common carriage in effect on the date of the shipment, including specifically 49 U.S.C. 14706 (the Carmack Amendment). Consistent therewith, Publix shall not be liable for any loss or damage to a shipment or for any delay caused by an act of God, the public enemy, the authority of law, the inherent vice of the goods, or the act or default of the Customer.
- B. Unless otherwise detailed in ITEM 6.0, Publix’s liability for cargo loss and damage begins upon signing the receipt or bill of lading for cargo it receives for transportation and terminates upon delivery of the cargo at destination. Publix assumes no liability for cargo loss or damage while at the facility of the Customer, consignee, consignor, or other party designated to receive the cargo.
- C. In no event shall Publix be liable for special, incidental, or consequential damages that relate to loss, damage, or delay to a shipment whether foreseeable, disclosed or not. Likewise, in no event shall Publix be liable for punitive or exemplary damages that relate to loss, damage, or delay to a shipment.
- D. In no event shall Publix be liable for cargo loss or damage where Publix was prohibited or prevented from inspecting or accurately counting such goods, regardless of whether the bill of lading is marked “Shipper Load and Count,” “Said to Contain,” “SLC,” or “STC,” by (i) an act of the shipper which denies Publix a reasonable opportunity to witness the loading and make an accurate count or conduct a reasonable inspection of the goods, or (ii) the manner in which goods are stacked and/or wrapped within each pallet denies Publix a reasonable opportunity to make an accurate count or conduct a reasonable inspection of the goods.
- E. Subject to reasonable requests, Publix agrees to accept, transport, and deliver with reasonable dispatch such cargo as the Customer may tender to Publix for transportation. However, Publix shall not be responsible for any damages, direct, indirect or consequential, which are the result of delays in delivery.

PUBLIX 100 RULES TARIFF

- F. Publix will investigate and dispose of cargo loss and damage claims under common Publix provisions as set forth in 49 C.F.R. Part 370. The following documents are required to properly support a cargo claim:
1. The original bill of lading covering the shipment (or bond of indemnity, in lieu thereof).
 2. Proof of payment for Publix's freight bill.
 3. Vendor invoice for the goods shipped, including the full price paid after any discounts or deductions.
 4. If discounted, a copy of the bill of sale or sale receipt.
 5. If the cargo claim involves product to be transported at a specific temperature or within a range of temperatures, proof of the cargo's pulped temperature upon loading and upon unloading.
 6. If the cargo claim involves cargo subject to United States Department of Agriculture ("USDA") rules, regulations, codes, or guidelines, a USDA inspection report.
 7. Copies of request for inspection, waiver of inspection by Publix, inspection reports, if made.
 8. Other documents when appropriate: photographs, in-transit temperature reports, impact records, condemnation certificates, dumping certificates, laboratory analysis, quality control reports, package certifications, loading diagrams, weight certificates, affidavits, loading and unloading tallies, etc.
- G. All claims for loss or damage must be filed with Publix in writing within nine (9) months from the date of delivery, or in the absence of a scheduled delivery date, the filing period shall begin after a reasonable time has elapsed for non-delivery. Claims that are not filed within the prescribed times shall be barred and not paid.
- H. Civil lawsuits for cargo claims shall be instituted against Publix no later than two (2) years and one (1) day from the date when written notice is given by Publix to the claimant that it has disallowed the claim or any part or parts of the claim specified in such notice. Where claims are not filed or lawsuits instituted thereon in accordance with the foregoing provisions, Publix shall not be liable and such cargo claims will not be paid.
- I. Customer shall not deduct or offset any cargo claim or other alleged claim or debt of Publix from the charges owed to Publix unless authorized in writing by Publix. If Customer fails to produce evidence of payment of all freight charges, any and all claims shall be subject to being summarily denied.
- J. Customer shall, at its cost and expense, comply with all applicable federal, state, local, and international laws, rules, and regulations pertaining to its shipments and shall be responsible for all costs, liabilities, delays, fines, and expenses caused by, resulting from, or otherwise associated with any noncompliance by Customer or Customer's shipments with any such laws, rules, or regulations. Customer shall also be responsible for Publix's charges pertaining to any services by Publix at Customer's request for compliance with any such laws, rules, or regulations.

ITEM 2.0 Bill of Lading – Contract Terms and Conditions

Unless otherwise agreed to in writing in advance of carriage, contract terms shall be those as indicated on Publix's bill of lading or in the "Straight bill of lading" in effect on the date shipment was tendered to Publix. Only Publix officials or personnel authorized to do so by Publix are empowered to agree to alternate contract terms and conditions and the use of an alternate bill of lading referencing such terms and

conditions. Drivers employed or hired by Publix are among those excluded from the category of authorized Publix personnel. Where a bill of lading, other than the Straight bill of lading or Publix's bill of lading, issued by the Customer is signed for by Publix's driver or other unauthorized person(s), that signature only acknowledges receipt of the freight and identifies the intent to deliver. It is not a contract for the carriage of freight. Continued use of an unauthorized bill of lading by the Customer will not constitute an implied acceptance by Publix.

ITEM 2.1 Bill of Lading – Liability and Penalties

Publix will not be responsible for any liability provided on bills of lading except as otherwise provided in this Tariff. Publix will not be responsible for any penalties, late fees, or any other similar charges regardless if shown on original bills of lading.

ITEM 3.0 General Limitations on Liability

All rates are subject to the provisions in this ITEM on general limitations of liability, unless Publix and Customer have agreed otherwise in writing. This ITEM explains the liability limits and conditions established by Publix for all shipments handled.

- A. Publix shall be liable for loss or damage to any shipment while in the possession, custody, or control of Publix to the extent provided herein.
- B. Customer releases the value of the cargo shipped to the amount specified below ("Released Value"), unless the Customer has followed the procedures described in this Tariff to declare a greater value.
- C. If a shipment requires more than one vehicle to transport the cargo, such as is the case with an overflow shipment, the Released Value will apply to the entire shipment.
- D. The Released Value for loss of or physical damage to the cargo shall be the lesser of the following:
 - 1. the invoice value of the lading, or in the absence of an invoice, wholesale destination value;
 - 2. the cost of replacement or repair of the lost or damaged cargo; or
 - 3. the lowest limited liability amount specified in the Bill of Lading or any applicable contract governing the shipment;but in no event shall Publix be liable for cargo loss or damage more than:
\$100,000 per shipment
Where the Released Value of a shipment is less than the value of the cargo, in addition to stating the declared value on the Bill of Lading, Customer must notify Publix in writing of the declared value prior to loading. It is Customer's responsibility to notify Publix of any shipment value greater than the Released Value and to inquire as to Publix's increased rates and/or insurance coverage for the difference between the Released Value and the shipment value.
- E. If the Customer notifies Publix of a declared value greater than the Released Value, Publix reserves the right to refuse to transport any shipment of such goods if it deems, in its sole opinion, that it is unable to furnish suitable equipment to safely transport a shipment of such declared value or for any other considered reason.
- F. If Publix accepts a shipment with a declared value in excess of the Released Value:
 - 1. The Customer must provide Publix with prior written notice of the declared value of the shipment;
 - 2. The Customer must agree in writing the maximum declared value of the shipment;

PUBLIX 100 RULES TARIFF

3. Publix may assess a high value shipment charge of \$75.00 per \$100 of declared value beyond the Released Value, in addition to any other applicable charges; and
4. Publix's liability for loss or damage to the shipment shall not exceed the maximum declared value of the shipment or the actual value of the shipment, whichever is lesser.

ITEM 4.0 Arrival Notice and Undelivered Freight

Actual tender of delivery at receiver's place constitutes the notice of the arrival of a shipment. If the shipment is not actually tendered for delivery, notice of arrival will be given to the receiver and/or Customer not later than the next business day following the arrival of the shipment. The notice will be given by telephone, if convenient and practicable; otherwise by mail, email, fax, or courier. In the case of notification by mail, the notice will be deemed to have been given (that is, received by the addressee) at 8:00 A.M. on the first business day after it was mailed. Delivery notifications required to be provided prior to arrival under this Item shall be subject to a charge of \$10.00 per notification.

ITEM 4.1 Storage Charges for Undelivered Freight

Undelivered shipments will be subject to applicable storage or detention storages. In no event shall Publix be obligated to store cargo on behalf of Customer. Customer agrees to indemnify, defend, and hold Publix harmless for any storage or detention charges imposed on Publix. On such undelivered shipments, disposition instructions printed on the bill of lading, freight tender, shipping order, or other shipping document or disposition instructions issued prior to tender of delivery will not be accepted as an authority to reship, return, or reassign a shipment, or to limit storage liability. However, if a request is received to transport the freight to another location after the shipment has been tendered for delivery and refused by the consignee, the shipment will be assessed a redelivery charge equal to the local applicable rate of transit.

ITEM 5.0 Cargo Liability to Damage Other Cargo or Equipment

Publix is not obligated to receive any hazardous materials or cargo liable to impregnate or otherwise damage other cargo or Publix's equipment. Such cargo may be accepted and signed for "subject to delay for suitable equipment" or may, for lack of suitable equipment, be refused.

Any commodity, not limited to hazardous materials, not properly described as being harmful to other cargo, not limited to food products, liability of the effected cargo will be with the Customer and not with Publix.

ITEM 6.0 Shipper Load or Receiver Unload

In lieu of pickup or delivery service and when convenient for Customer and Publix, Customer may load/unload Publix's trailers or vehicles.

- A. SHIPPER LOAD: When prearranged, Publix will spot or drop trailers at that shipper's loading facility so the shipper may load the trailer(s) or vehicle(s) at its convenience. Any discrepancy on those shipments tendered under the Shipper Load and Count arrangement will be handled in the following manner unless a separate agreement is already established and signed in place:
 1. At pick-up, the bill of lading will include an "SL&C" notation, indicating the shipper counted and loaded the shipment without the driver present. The shipper will properly block and brace the freight. Any failure to note "SL&C," or similar notation, on the bill of lading will not affect the liabilities of the parties, if the Shipper has in fact performed the counting and loading without a representative from Publix.
 2. Publix will notify the shipper's representative by fax or email of any exceptions within 24 hours of first unloading of the trailer. This will not include weekends or holidays. Publix cannot be liable for uncountable palletized orders, picked up and delivered with wrap intact.
 3. Publix will accept liability, in accordance with ITEMS 1.0 & 3.0, for any loss or damage to cargo that has been properly reported unless the loss or damage is one of a concealed nature or

PUBLIX 100 RULES TARIFF

- the shortage is within a wrapped pallet that was delivered intact. In this respect, any claim following will be settled based on the findings of the investigation.
4. All special services will be agreed to in writing prior to shipment. Publix will not be obligated to take on any special service required to get freight onto a trailer unless agreed to in writing by Publix.
 5. Customer or shipper, as applicable, will defend, indemnify, and hold Publix harmless from any and all claims (including costs and attorney's fees) made against Publix for bodily injury or property damage that occurs as a result of any negligence or other failure to load cargo on Publix's trailer properly.
- B. RECEIVER UNLOAD: Publix will drop or spot trailers or vehicles at the receiver's facility so the receiver may unload the trailers or vehicles. Any discrepancy on those shipments tendered, as receiver unload will be handled in the following manner unless a separate agreement is already established and signed in place:
1. Publix agrees to spot or drop trailers or vehicles at receiver's place of business for the purpose of receiver to complete the unloading process within normal free time or otherwise agreed to in writing.
 2. Receiver will not use Publix's equipment for any use other than the express purpose of unloading.
 3. When the receiver fails to report to Publix that equipment is empty and available to Publix for removal, it will be subject to detention charges.
 4. Other than normal wear and tear or an act of God, while in the receiver's physical possession will be the liability of the consignee for any and all damages or loss occurring to Publix's equipment. The receiver will promptly reimburse Publix for the cost of repairing or replacing such equipment.
 5. A "Receiver Unload" statement, or other similar notation, shall be listed on the delivery receipt, indicating that the receiver unloaded the shipments without the driver present. The failure to note "Receiver Unload" on the delivery receipts will not affect the liabilities of the parties, if the receiver has in fact performed the unloading without a driver present.
 6. Publix will provide sealed trailers with Publix's seal number documented for security purposes. However, failure to seal a shipment will not affect the terms and conditions outlined in this ITEM.
 7. Delivery receipts will be signed by the receiver at time the trailer is dropped for unloading, or if not operationally feasible, will be available to Publix no more than 24 hours after delivery.
 8. The receiver agrees to notify Publix by fax or email on a mutually approved form of any exceptions within 24 hours of the trailer being dropped. This will not include weekends or holidays. Publix shall not be liable for exceptions reported after 24 hours of trailer being dropped.
 9. Notice of any exception is to be faxed or emailed on the mutually approved form to the attention of the local terminal's OS&D associate.
 10. Publix shall only be responsible for handling units as signed for and tendered by shipper. Individual item numbers, carton numbers, and purchase order number shortages shall not be deemed shortages against Publix when the handling unit count matches the amount signed for at time of pick up, or as applicable, properly reported as received on a shipper Load and Count trailer, regardless of whether the BOL is marked as "SL&C."

PUBLIX 100 RULES TARIFF

11. Publix will accept liability for any loss or damage to cargo, in accordance with ITEMS 1.0 & 3.0, that has been properly reported unless the loss or damage is one of a concealed nature or the shortage is within a wrapped pallet that was delivered intact. In this respect, any claim following will be settled based on the findings of the investigation.
12. Shipments tendered to the receiver to be unloaded at their convenience are to be secured by the receiver in a manner to prevent theft. Publix will not be held responsible for stolen cargo while in the possession of the receiver.

ITEM 7.0 Detention

- A. For purposes of detention of vehicles with power units under ITEM 7.1, free time at each pickup and delivery location for loading and/or unloading of vehicles, as applicable, with power units and drivers shall be equal to:
 1. 30 Minutes: If the cargo to be loaded or unloaded is less than or equal to 10,000 lbs;
 2. 60 Minutes: If the cargo to be loaded or unloaded is greater than 10,000 lbs but less than or equal to 20,000 lbs;
 3. 90 Minutes: If the cargo to be loaded or unloaded is greater than 20,000 lbs but less than or equal to 30,000 lbs; and
 4. 120 Minutes: If the cargo to be loaded or unloaded is greater than 30,000 lbs.
- B. For purposes of detention of vehicles without power units under ITEM 7.2, Publix shall allow 5 hours of free time both for loading and unloading of spotted trailers. Such time shall commence from the time the trailer is spotted or from the time the trailer was requested to be spotted, whichever is later, but Saturdays, Sundays, or holidays shall not be included in the calculation of free time. Where Publix spots trailer equipment for Customer's loading convenience, no free time shall be allotted for detention of power equipment and detention shall begin at the agreed time of arrival or at the time of actual arrival, whichever is later.

ITEM 7.1 Detention – Vehicles with Power Units

- A. This Item applies on shipments when the Publix's vehicles with driver and power units are delayed or detained beyond the free time provided for herein at time of delivery to the consignee or at time of pick-up at the consignor's place of business when such delay is not the fault of Publix.
- B. Charges for detention will be charged to the Customer and/or consignee in the case of unloading and to the Customer and/or consignor in the case of loading.
- C. When computing time, the beginning time shall be the time the driver notifies the Customer or consignee of driver's arrival and that the trailer is available for loading or unloading, as the case may be, but in no case shall time commence prior to the time of any appointment or the actual time of the driver's arrival, whichever is first.
- D. When computing detention charges, all non-working time shall be excluded.
- E. If, at the end of the business day, unloading has not been completed and cannot be completed that day, Publix may, at its discretion:

PUBLIX 100 RULES TARIFF

 2. Spot trailer at Customer's or consignee's location and return the following day, and further, the trailer will be subject to charges for detention without power pursuant to ITEM 7.2 beginning immediately upon spotting of the trailer; and,
 3. In either case, any unused free time from the first day will continue into the second day, charges to commence when all free time has expired.
- F. If a vehicle is both unloaded and reloaded, each transaction will be considered separately and free time shall apply to each separately.
- G. When delay occurs beyond free time, the charge for detention shall be \$85.00 for the first hour, followed by a charge of \$21.25 for each 15 minutes (minimum charge \$85.00) with a maximum charge for each 24-hour period of \$850.00. Upon expiration of this 10-hour detention period, in addition to the maximum charge for detention hereunder, Customer shall be liable for any and all layover charges incurred under ITEM 7.1.H.
- H. Where a delay occurs and the driver must wait more than 10 hours beyond the free time, the driver is deemed to have "laid over." A layover charge of \$600.00 will be recorded beginning upon the expiration of the 10-hour detention period, with such layover charge applying to each 24-hour period after the expiration of the 10-hour detention period. Such layover amount shall not be prorated.
- I. Publix shall give Customer or consignee the opportunity of signing the detention records and the Customer or consignee is to make any corrections to these records at the time. If Customer or consignee refuses to sign these records, Publix's records will govern.

ITEM 7.2 Detention – Vehicles without Power Units

- A. This Item applies when Publix spots a trailer at the facilities of the Customer or consignee for the loading or unloading of shipments upon the request of Customer, but neither this Item nor detention under any other term or condition shall apply if the Publix spots the trailer for Publix's convenience with or without the authorization of shipper or consignee.
- B. Time shall commence with the spotting of the trailer and shall end when Publix is notified by the Customer or consignee that the trailer is available for removal from the premises of the Customer or consignee.
- C. If a trailer is both unloaded and reloaded, an additional 1 hour free time shall be allowed.
- D. After expiration of free time as provided herein, charges for delaying the trailer beyond free time shall be \$50 per 24 hour period, plus a repositioning cost of the local applicable rate per mile, until mileage computed from the point of dispatch to the location of the federal, state or local facility where the original equipment is detained subject to a \$75 minimum.

Where Publix's equipment is spotted for the Customer's convenience at the point of origin or for the consignee's convenience at the point of destination, the Customer and consignee will be responsible for the

PUBLIX 100 RULES TARIFF

care and custody of said equipment while in their respective possession and shall return same, ordinary wear and tear excepted. Failure of the Customer, consignee, or their respective agents and spotting service to note trailer damage at time of tender shall be *prima facie* evidence that same was spotted in good condition. Customer and/or consignee shall be liable for the repair cost to any equipment damaged while spotted at their facility. Such damage shall be noted by Publix personnel at time of pickup and invoices for repairs shall be accompanied by supporting documents. The repair cost of any such damaged equipment shall include detention charges at the rates detailed herein for the time such trailer is being repaired.

Terminal managers, drivers, contractors, sales personnel, and other personnel without the title of Director, Vice President, or any higher title are not authorized personnel.

The terms of this Tariff or contracts issued, agreed to, or published by Publix supersede any and all written, verbal, or other agreements made by unauthorized or authorized personnel and may not be modified except by written amendment approved by Publix.

ITEM 9.0 Additional License, Permit Fees, and Inbound Permits

Whenever any additional license or permits are required, such as but not limited to, foreign commerce, or customs fees, the charges for same shall be added to the freight invoice and paid by Customer, regardless of whether Publix has received advanced notice of such charges.

ITEM 9.1 Special size or weight permits

Costs special size or weight permits, and related costs, shall be in addition to published freight charges which are otherwise agreed to in writing. Customer shall pay the cost of any size, weight or special permit cost, together with such applicable related costs, incurred in the transportation of an over-dimensional shipment, with all such charges and applicable related costs not included in the freight quote, and which are in excess of the estimated cost. Such related costs may include charges for route surveys and pilot car services.

During a Split-Pickup, except as otherwise detailed in this Item, the free time allowed for the Split-Pickup shall be in accordance with ITEM 7.0. However, for purposes of Detention of Vehicles with Power Units under ITEM 7.1 only, a Split-Pickup shall be considered a single pickup, and therefore, free time shall begin at the first pickup location of the Split-Pickup with detention time accruing until loading of the vehicle at the second pickup location of the Split-Pickup is complete.
