

Publix Item Data Form Instructions for Vendors

Purpose The *Publix Item Data Form* is required when any new item is presented or when any item attributes are changed on an existing item. This form must be accompanied by a current *Publix Cost/Promotion Form*.

Vendor procedures Follow the steps below to complete the **non-shaded areas** of the *Publix Item Data Form*. The information must be typed. When making changes on an existing item, fill out the data form completely and highlight all of the fields that are changing.

Field Description	Action
Accompanying Form #	Enter the <i>Publix Cost/Promotion Form</i> number that coincides with this <i>Publix Item Data Form</i> .
Date Effective	Enter the date this is effective.
<input type="checkbox"/> New Item <input type="checkbox"/> Item Maintenance	Check the appropriate box. Check Item Maintenance box only when changes are made to an item that exists in Publix's system.
Buyer Name/#	Enter the name and number of the buyer to whom the <i>Publix Item Data Form</i> is presented.
Publix Item Code	Enter the Publix item code. Provide only when performing maintenance to current items, not when adding new items. List additional item codes on the back of this form if there is more than one item in a shipper or if you are providing maintenance information on a group of like items.
Vendor #	Enter the number assigned by Publix for a supplier. List additional vendor numbers and names on the back of this form.
Description	Enter the description of the item, including the brand name if it appears on the product label.
Vendor Name	Enter the manufacturer's name.
Vendor Item Code	Enter the vendor's item code for any item that will not have a GTIN or a product look up number.
Master Case GTIN	Enter the unique GTIN assigned to the master case in the format xxx-xxxxx-xxxxx.
Master Case Check Digit	Enter the unique Check Digit assigned to the master case GTIN.
Master Case Pack	Enter the number of selling units in one master case.
